

Company Profile

Overview

- Inel Gas Controls Private Limited (IGCPL) started in 2006 with the vision of serving the Natural Gas utility in India and abroad.
- Since then established as leading solutionizer for Domestic, Commercial and Industrial Metering, Pressure regulating and automatic Meter reading systems.
- Capability to provide single window solution for GSM / GPRS based SCADA system for Medium and large scale Natural Gas Utilities.
- Capability of supplying single window SRM , MRS , DRS and other solutions.
- Skilled manpower and available infrastructure can meet any challenges for engineering solutions to the fastest deliveries.

Core Values

In our journey of striving for excellence, we ensure that our values are always firmly rooted to establish a strong Global Foundation enhancing a promising future. We are:

- **Respect for every Individual**
- **Passion and commitment** is the driving force
- **Trust and freedom** empowers all the people associated with us
- Encouraging a culture of **learning and adaptability**
- An organization that excels beyond boundaries through **teamwork**
- An organization where customer focus is at the core of all the activities.

Quality Assurance

- Inel's Integrated Management system is certified to applicable industrial standards
- We are approved and certified to ISO 9001:2008 Quality Assurance Standard
- Occupational Health and Safety Management system of Inel is Certified to BS OHSAS 18001:2007 standard which ensures to control and improve health and safety performance

CPRS / MRS for CGD Network

Product Range

Natural Gas Pressure Regulating & Metering skids

1. District Pressure Regulating skids

rating 300# features like RPD metering , Remote monitoring of DRS in enclosed canopy can be provided with various capacities of 500 / 1000 / 2000 / 2500 / 5000 / 7500 / 10000 SCM/H Capacities.

Inlet Pressure : 19 to 49 barg

Outlet Pressure : 2 to 4 barg

2. Metering Regulating skids :

Most cost effective Metering skids with Filtration , Pressure Regulating and Metering skids for 300# and 150 # with RPD , Turbine , Orifice metering are design , engineering and manufacture from our works and commissioned in the field across India.

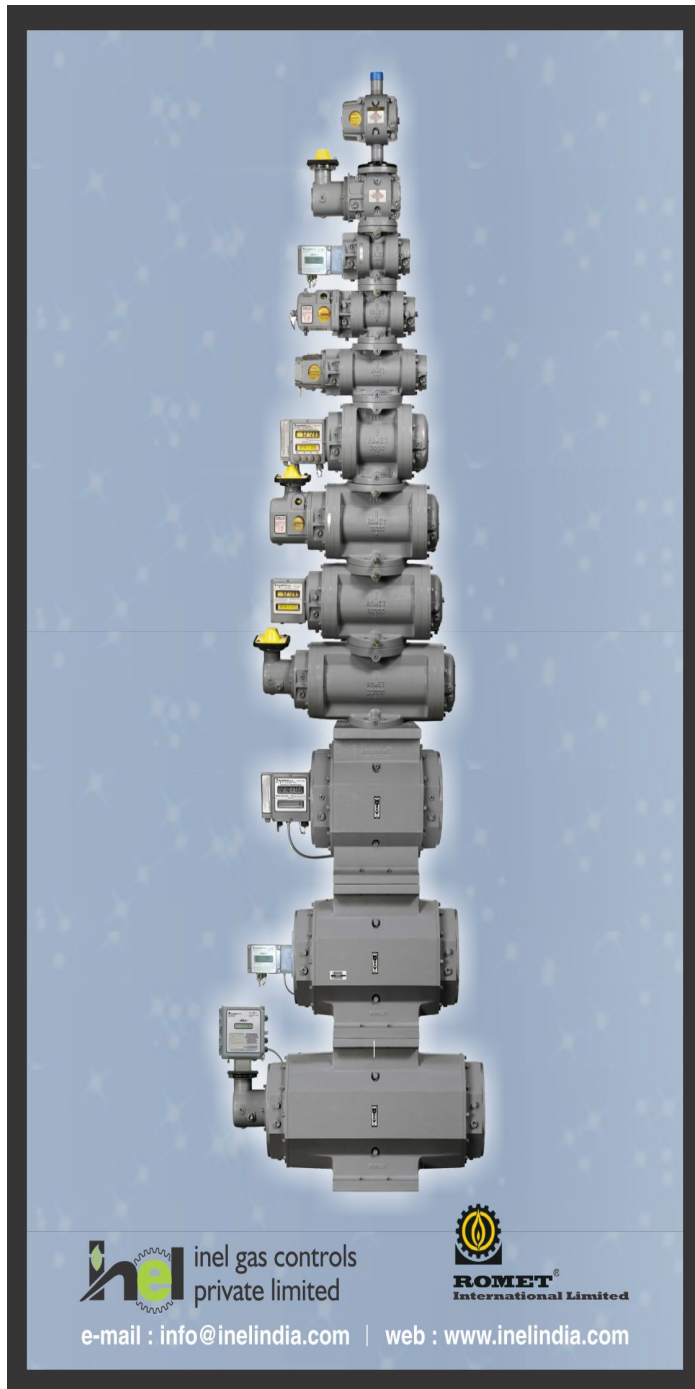

Inlet Pressure : 2 to 6 Barg / up to 49 barg

Outlet pressure : 1 to 4 Barg

3. Service Regulator Modules :

Various service regulator modules from 10 SCM/H to 200 SCM/H capacities are built for various CGD companies in India

Commercial & Industrial metering solution

Principal Partner:

[Rommet Ltd, Canada](#)

Meter Ranges:

G10 to G1000 RPD meters with or
Without EVC

Line Size: up to 8"

HF integral EVC RPD meters.

Meter repair and testing Facility :

Meter Testing up to G1000
NABL approval under process.

Remote Monitoring & AMR:

Solar Powered Modem / External
Powered Modem connected with EVC
for remote data monitoring available
with Each EVC / Meter optionally.

Customer Base :

More than 2000 ROD meters are working in India . GAIL , GAIL GAS , Gujarat Gas , MGL , IGL , MNGL ,
CUGL , Adani Gas Ltd , Indian Oil Adani Gas Ltd , IRM Energy , HCGL , SITI ENERGY , Tripura Gas Ltd ,
Sabarmati Gas Ltd , Bhagyanagar Gas Ltd etc using ROMET meters

GSM / GPRS based remote monitoring of Network and Automatic Meter Reading

**inel gas controls
private limited**

TECHNOLOG

Cello I. S Data Recording System

- Battery powered (up to 10 years)
- Waterproof (IP68)
- 2 way hourly communication
- Suitable for many applications including AMR and Network pressure monitoring
- Intrinsically safe
- Replaceable battery
- GSM SMS and GPRS modes of operation

Cello GSG SM Data Recording System

- Typical 5 year battery life
- Replaceable battery
- Accessible SIM card
- Waterproof (IP67)
- GSM SMS and GPRS modes of operation
- 8-channel input (Analogue and Digital)

Cello6 GSM Meter Reader

- Typical 10 year battery life
- Suitable for PD / RPD / EVC with pulse transmitter
- Meter reading transmitted to host computer daily, weekly or monthly
- Replaceable battery
- GSM Synchronise network option

PMAC Software

Principal Partner:

Technolog UK

GSM / GPRS based

1. Automatic Meter readings
2. Network Pressure monitoring systems
3. DRS monitoring Systems
4. Cathodic Protection Monitoring system
5. Remote Pressure controller of the DRS

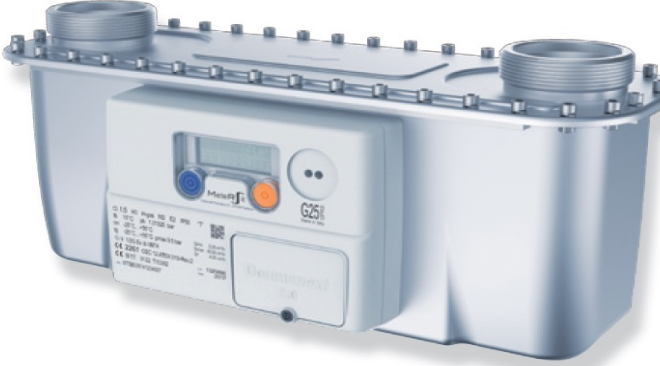

All products are battery operated up to 6 years battery life and Zone 0 certified.

The communication mode can be GSM or GPRS

Product used by Gujarat Gas Ltd , Gail Gas Ltd , Mahanagar Gas Ltd , Sabarmati Gas Ltd , Maharashtra Natural Gas Ltd , Central UP GAS Ltd ,

Metersit make Smart Domestic/Commercial Gas Meters (G1.6, G2.5, G4, G4 Extended, G6, G10, G16, G25)

1		<p>Domestic Meter with remote shut off valve and GPRS communication</p> <p>Qmin : 0.016 M3/Hr Qmax : 2.5 M3/Hr</p> <p>Useful for Pre paid and Post Paid function</p> <p>MID , OIML R137 , ATEX Indian W & M approvals</p>
2		<p>Domestic & Commercial Meter with remote shut off valve and GPRS communication</p> <p>G4 and G4 extended</p> <p>Qmin : 0.016 M3/Hr Qmax : 6.0 M3/Hr</p> <p>Useful for Pre paid and Post Paid function</p> <p>MID , OIML R137 , Indian W & M approvals</p>
		<p>Commercial Meter Ranges</p> <p>G10 , G16 and G25</p>
